

Coping with Climate Change in the Pacific Island Region (CCCPIR)

Project Status Completed

Start Date Monday, November 19, 2012

End Date Thursday, December 31, 2015

Short Title CCCPIR

Project Type Capacity Building
Policy Support

Total Funding 14000000

Project Scope Regional

Project Objectives

Enhance the competence and capabilities of the local population, the national governmental authorities and regional organizations - SPC and SPREP - in order to cope with the effects of [climate change](#) and combat its causes. It includes reviewing [policies](#) and integrating [adaptation](#) considerations into them, and focuses on the management of land and coastal [natural resources](#), as well as [tourism](#). At the regional level, the program aligns with the Pacific Island Framework for Action on [Climate Change](#) 2006-2015. Originally only involving Fiji, Tonga, Vanuatu, the project has been expanded and extended.
